#### **Independent Auditor's Report**

To the Partners' JSB Partners, L.P. Waltham, MA

I have audited the accompanying consolidated statement of financial condition of JSB Partners, L.P., and its subsidiary (the Company) as of December 31, 2011, and the related consolidated statements of income, changes in partners' capital, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 of the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of JSB Partners, L.P. and subsidiaries at December 31, 2011, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

#### **DECEMBER 31, 2011**

#### NOTE 1- SIGNIFICANT ACCOUNTING POLICIES

The Company, a Delaware limited partnership, was organized in July 1999. The partnership shall continue in existence until December 31, 2049, unless terminated at an earlier date. It operates as a registered broker-dealer under the Securities and Exchange Act of 1934. The Company's principle business is acting as financial advisors to Biotech and Pharmaceutical companies in their acquisitions and merger efforts.

#### Organizational Structure

The Partnership agreement provides for profits or losses from success fee revenues to be allocated 50% to each individual Limited Partner responsible, the second 25% to the Limited Partners pro rata, the remaining 25% to the General Partner. For non success fee revenues the profits or losses will be allocated 70% to the Limited Partners and 30% to the General Partner.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Principles of Consolidation

The accompanying financial statements include the accounts JSB Partners, L.P., JSB Partners, Gmbh, a wholly owned German subsidiary and JSB Partners Switzerland, a branch office of the US Company. Significant Intercompany balances and transactions have been eliminated in consolidation.

#### Restricted Cash

The Company has placed \$11,757 in a term deposit account to serve as cash collateral for standby letters of credit in connection with an operating lease.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

#### **DECEMBER 31, 2011**

#### NOTE 1- SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Translation of Foreign Currency

Assets and liabilities denominated in foreign currencies are translated at year-end rates of exchange, while the income statement accounts are translated at average rates of exchange for the year. Gains or losses resulting from foreign currency transactions are included in net income. A foreign currency transaction loss of \$2,837 is included in net income for the year ended December 31, 2011.

#### **Fixed Assets**

Property and equipment are recorded at cost. The cost of maintenance and repairs are charged to expense as incurred. Major improvements to property and equipment are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Depreciation expense for 2011 was \$60,056.

#### **Securities Transactions**

Marketable securities are valued at market value, and securities not readily marketable are valued at fair value as determined by management. These securities include investment securities (a) for which there is not a market on a securities exchange or no independent publicly quoted market, (b) that cannot be publicly offered or sold unless registration has been effected under the Securities Act of 1933, or (c) that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or to the Company.

#### Accounts Receivable and Allowance for Doubtful Accounts

The Company provides an allowance for doubtful accounts equal to the estimated uncollectible amounts. The Company's estimate is based on historical collection experience and a review of the current status of accounts receivable. It is reasonably possible that the Company's estimate of the allowance for doubtful accounts will change. Accounts receivable are presented net of an allowance for doubtful accounts of \$0 at December 31, 2011.

#### Management's Review for Subsequent Events

Management had evaluated subsequent events through February 16, 2012, the date which the financial statements were available to be issued.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

#### **DECEMBER 31, 2011**

#### **NOTE 2 - TAXES ON INCOME**

The Company has chosen to be treated as a partnership for federal and state income tax purposes. A partnership is not a taxpaying entity for federal or state income tax purposes. Accordingly, no income tax expense has been recorded in the statements. All income or losses will be reported on the individual members' income tax returns.

The Company adopted the accounting pronouncement dealing with uncertain tax positions, as of January 1, 2009. Upon adoption of this accounting pronouncement, the Company had no unrecognized tax benefits. Furthermore, the Company had no unrecognized tax benefits as of December 31, 2011.

The German and Swiss subsidiaries are treated as separate entities and are subject to trade and income taxes.

#### **NOTE 3 - NET CAPITAL**

As a broker dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines, which require the Company to maintain a specified amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as derived, not exceeding 15 to 1. The Company's net capital as computed under 15c3-1, was \$386,344 at December 31, 2011, which exceeded required net capital of \$31,428 by \$354,916. The ratio of aggregate indebtedness to net capital at December 31, 2011 was 122.0%.

#### **NOTE 4 – COMMITMENTS AND CONTINGENCIES**

### Independent Auditor's Report on Internal Accounting Control Required by SEC Rule 17a-5

To the Partners' JSB Partners, L.P.

In planning and performing my audit of the consolidated financial statements and supplemental schedules of JSB Partners, L.P. (the Company), for the year ended December 31, 2011, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that I considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by rule 17a-13
- 3. Complying with the requirements of prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit

preparation of financial statements in conformity with general accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, my study and evaluation disclosed that a lack of segregation of function exists. Although this condition may be considered to be a material weakness in internal control, it is a common condition in entities of this size. This condition was considered in determining the nature, timing and extent of the procedures to be performed in my audit of the financial statements of JSB Partners, LP for the year ended December 31, 2011 and this report does not effect my report thereon dated February 16, 2012.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe the Company's practices and procedures were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for information and use of the Board of Directors, management, the Securities and Exchange Commission, The Financial Industry Regulatory Authority, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
